- **Groundwater is invisible, but its impact is visible everywhere.**
- **Out of sight, under our feet, groundwater is a hidden treasure that enriches our lives.**
- **Almost all of the liquid freshwater in the world is groundwater.**
- **As climate change gets worse, groundwater will become more and more critical.**
- **We need to work together to sustainably manage this precious resource.**
- **Groundwater may be out of sight, but it must not be out of mind.**
